

# CUDDLE

The concept of the "Cuddle" bed is using the two foldable side headboards to present the strong image, "Cuddle". The folding headboard creates a security, silence and provides user a "warm cuddle" feeling.

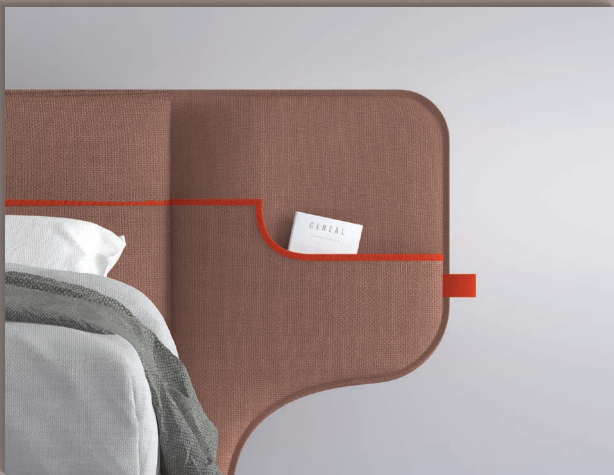

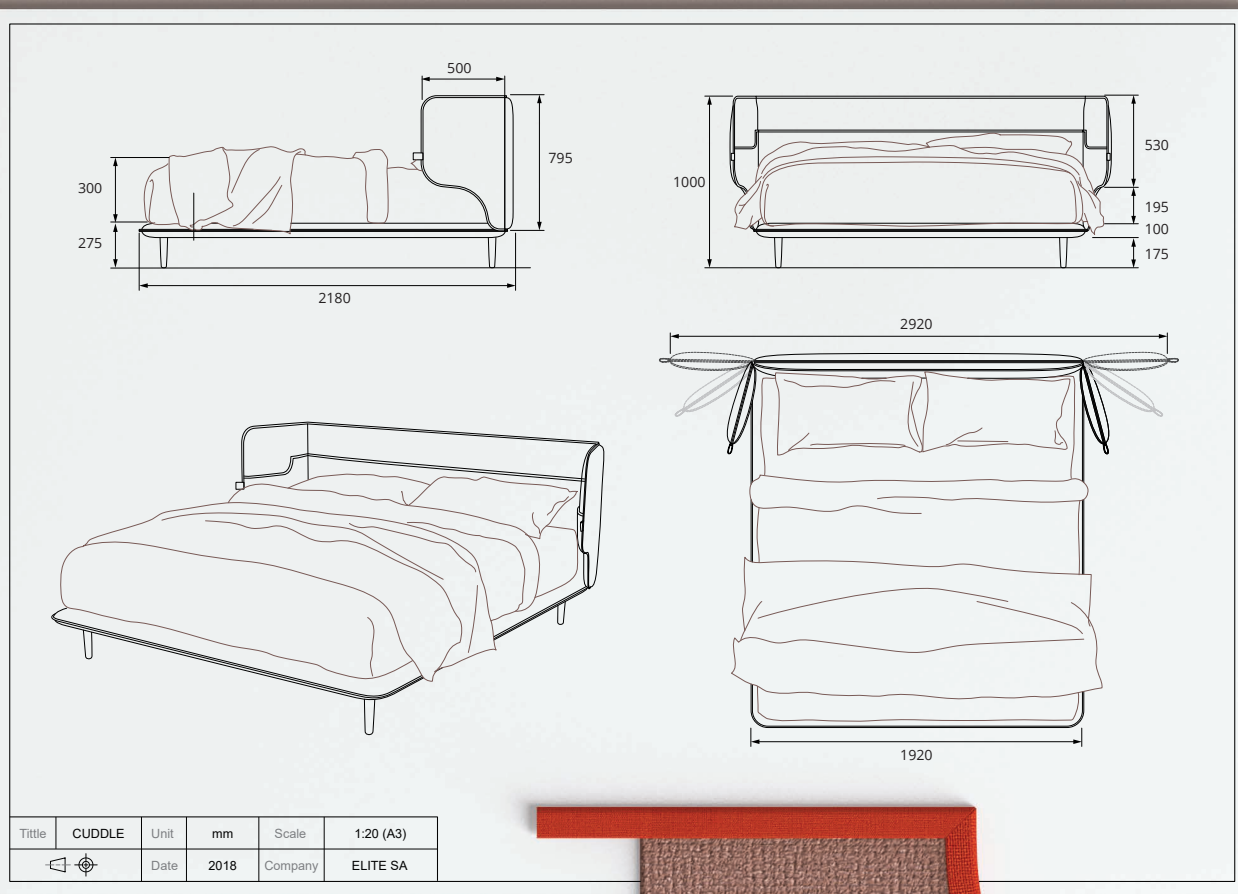

The design of "cuddle" focus on the high quality of tailor-made. The upholstered headboard pattern is inspired by haute couture dress in the fashion industry with the language of elegance and simplicity.

This bed creates a value of indicating the excellent handmade artwork and a new relationship with bedroom furniture.

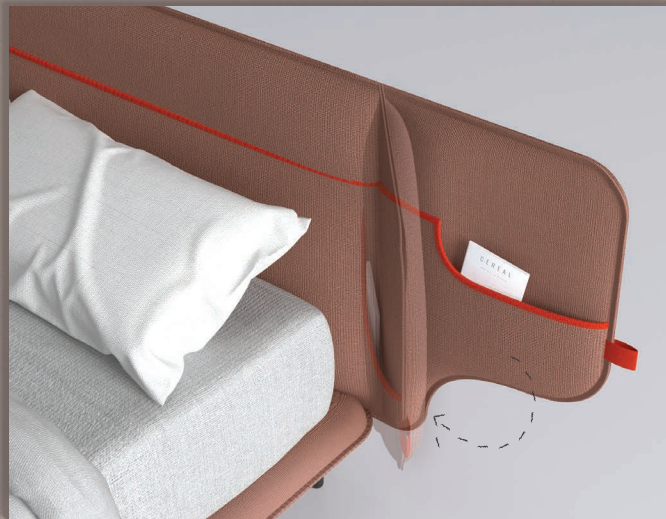

E462

There are two simple pockets on both sides to put books or magazines after your reading time.

At both sides of the headboard, users are able to fold it easily by pulling the small ribbon beside, it creates a silence and privacy area when sleep.
